

## ISATT Conferences 2021 and 2022

Due to the COVID-19 Pandemic we have had to defer ISATT face to face gatherings until it is safer to connect in person. In light of this we have deferred both the ISATT Regional Conference and the ISATT biennial conference. It is our hope that both the conferences below will proceed as planned during 2021 and 2022 and we will be able to gather as a scholarly community committed to advancing the work of teachers, teacher educators and researchers.

### ***ISATT Regional conference in Bordeaux, France. 14 – 15 October 2021***

The ISATT Regional Conference will not be held on the 14<sup>th</sup> and 15<sup>th</sup> October 2021 hosted by colleagues at the University of Bordeaux. We are very excited about this first ISATT gathering to be held in France.

Title of Conference: ***Inclusive ethics in Education, a new horizon for teachers and teaching.***

Focusing on the phenomena of ethics, diversity and inclusion in and outside of schools, this bilingual (English and French) conference will provide an opportunity for ISATT members across the globe to debate and share ideas and examine interconnections between research and teaching.

### ***ISATT Biennial Conference, Bari, Italy. 5 – 8 July 2022***

The ISATT biennial conference, postponed to July 2022, will be hosted in the amazing city of Bari, Italy. A city and university steeped in history and commitment to education and citizenship.

Title of Conference: ***Living and leading in the next era: Connecting teaching, research and citizenship.*** The university of Bari has a strong and vibrant history and long-standing commitment of examining how education intersects with citizenship. Conference themes are currently being confirmed and will be circulated to members along with calls for proposals etc. in early 2021.
